

RMC

Regional Medical Center
Anniston

Annual Report

Regional Medical Center has been your health care provider for 65 years. During the past fiscal year, we have made many improvements, both to the facility and in equipment. These updates are visible reminders of our progress that visitors will quickly notice. RMC has invested in a new computerized medication delivery system, and emergency room information & tracking system, three new CT scanners and a monitoring system in obstetrics, all designed to improve patient safety and care. We are committed to providing quality, and these efforts will improve patient outcomes, and save lives.

As a non-profit, community hospital, RMC is governed by a volunteer Board of Directors, each of whom donate their time and service to guide the facility. RMC's Board of Directors is appointed by the Anniston City Council, the Jacksonville City Council, the Oxford City Council and the Calhoun County Commission. RMC's Chief of Staff and Vice Chief of Staff are appointed by the hospital's Medical Staff.
